

Contents

1. Emergency management of maxillofacial infections: a retrospective evaluation of treatment protocols and patient outcomes in dental practices - Adhe Ismunandar	143
2. The relationship between parenting styles and the severity of dental caries in children aged 5–6 years - Brawijaya Avisina Al Rizqi, Rini Pratiwi, Ilmianti, Erika Aprina, Andi Nurul Azizah Tenrilili	146
3. The relationship between malocclusion and psychological conditions of high school adolescents in Makassar City - Eddy Heriyanto Habar, Isriani Uslah	149
4. Antibacterial activity of ethanol extract of Malay apple leaves (<i>Syzygium malaccense</i>) against <i>Staphylococcus aureus</i> - Dela Anggina, Fitria Mailiza, Netta Anggraini, Dhona Afriza, Fauzia Nilam Orienty	152
5. A computer-based analysis of the accuracy of bite mark identification using cheese blocks among batch 2022 students at the Faculty of Dentistry, Baiturrahmah University - Eliyana Nulpita, Firdaus, Resti Iswani, Satria Yandi	156
6. Comparison of caries and gingivitis occurrence between children and adults: findings from dental and oral health screening at Saraswati Dental Hospital Denpasar - Ni Putu Idaryati, I Gusti Ayu Ratih Pramesti, I Wayan Agus Wirya Pratama, Gusti Ayu Yohanna Lily, I Gusti Ayu Ari Agung	160
7. The effectiveness of watermelon (<i>Citrullus Lanatus</i> Var. <i>Lanatus</i>) consumption and mouthwash use on plaque index and salivary pH in children aged 6-12 years - Yayah Inayah, Fajriani, Andi Sri Permatasari, Raniah Khairunnisa Arfan	164
8. Antibacterial activity test of papaya seed extract (<i>Carica papaya</i> L.) as an irrigation agent against <i>Prevotella intermedia</i> - Alifa Nailah Suni, Indrya Kirana Mattulada, Syamsiah Syam, Nur Asmah, Kurniaty Pamewa	168
9. The relationship between gender and dental caries status based on the def-t Index among first-grade elementary school students in Denpasar - I Gusti Ayu Ratih Pramesti, Yudha Rahina, Ni Putu Idaryati, Gusti Ayu Yohanna Lily, I Gusti Agung Ayu Chandra Iswari Dewi, I Wayan Agus Wirya Pratama, Luh Putu Eka Sriwijayanti	171
10. The effectiveness of the integrated UKGS–UKGM Programme based on community leader empowerment for improving oral health in the City of Parepare - Nursyamsi Djamaluddin, Adam Malik Hamudeng, Erni Marlina	174
11. Differences in the attitudes of dental students in West Sumatra towards dental photography- Tasya Azzahra Putri, Leny Sang Surya, Dina Auliya Amly	177
12. Unresolved cheilitis revisited: the importance of identifying allergic triggers in exfoliative cheilitis - Andam Dewi Suci, Andi Anggun Mauliana Putri, Erni Marlina, Israyani, Nur Asmi Usman, Harlina, Yaumil Khaeriah	180
13. Clinical management of palatal supernumerary teeth in pediatric patients - Anie Apriani, Linda Sari Sembiring, Clairi Theodora, Hanifah Nur Ghasani	184
14. Root canal treatment of a right mandibular first molar with periapical abscess and furcation lesion - Christina Mahardika, Mutia Nurul Fauziah, Julian Pratama	187
15. Management of cancrum oris in a HIV-infected patient - Riski Amalia Hidayah, Reynaldo Binsar Hutajulu, Elfina Sara Raharjo, Dinanty Syifa Nareswari, Alisa Salsabilla	191
16. Efficacy of dental pulp stem cell-derived extracellular vesicles and scaffold combination for bone regeneration in pre-clinical animal models - Abdul Gany, Irene Edith Rieuwpassa, Nurlindah Hamrun	194
17. Current advances based-chitosan-hydroxyapatite nanocomposite and PRF-hydroxyapatite bone graft for alveolar and maxillofacial bone regeneration - Muhammad Irfan Rasul, Tyas Nadya Wahdaniah, Sri Putri Marhaeni, Husnul Khotimah	199
18. Marine-derived polymers and bioceramics in functional dental materials - Alqarama Mahardhika Thalib, Asmawati Amin, Bahruddin Thalib, Angela Apolonia Febriyanti Wae, Lenni Indriani	204
19. Biocompatibility and application of calcium carbonate from blood crush shells for dentin remineralization - Amel Diandra, Zhalsabila Narsan, Lenni Indriani, Alkarama Mahardika Thalib, Maya Masyita	208
20. Comparison of Class II malocclusion treatment using Twin Block and prefabricated Myobrace appliances - Ardiansyah S. Pawinru, Yusnita Damayanti	211
21. Natural shell-based bioceramics from marine sources in dental applications: biological and mechanical properties - Alqarama Mahardhika Thalib, Asmawati Amin, Bahruddin Thalib, Ignes Liyanto, Lenni Indriani	215
22. The potential of xylitol chewing gum as a preventive strategy for plaque index and saliva pH in fixed orthodontic appliance users - Nasyrah Hidayati, Nurul Ilmi	219
23. Host modulation therapy as an adjunct in peri-implantitis treatment - Nurul Auliya, Muhammad Haritza, Helmy Siswanto Hasbi, Rakhmat Putra Guru Arnawansyah, Juliana	223
24. Utilization of gelatin from fish skin as a scaffold for gingival tissue regeneration - Baharuddin M. Ranggalang, Herdini Isnaeni Haer, Sitti Zahra Zafira, Khairunnisa Nur Rizqi Ababil, Stefanie Amelia Intan Hutahean, Shela Nurasmah	229
25. The use of fig latex as a dentine deproteinisation agent prior to adhesive restoration procedures - A. Abdillah, Aliyah Rajab, Agrista Aulia Amrin, Christine Anastasia Rovani	233
26. Second class functional treatment: Activator Andreassen versus Twin Blok - Ardiansyah S. Pawinru, Tyas Nadya Wahdaniah	236
27. The potential of <i>Stichopus hermanii</i> as a marine biomaterial for bone regeneration in dentistry - Asmawati Amin, Audrey Nathalie Alicyandrina Sitindaon, Ade Lola Zafira	239
28. Antibacterial potential of chitosan extract from crustacean shells against periodontal disease bacteria - Baharuddin M. Ranggalang, Syntia Maharani S. Hairun, Baiq Griselda Nadhira Awindya, Dias Dwananda Zahwa, Putri Athifah, Kintara Putri Amriana Sahidu, Andi Meily Salsabilla Tenri	243
29. The relationship between pain at the beginning of fixed orthodontic treatment and patient compliance at the Dental and Oral Teaching Hospital of Hasanuddin University - Eddy Heriyanto Habar, Nur Isnaeni	246

30. The efficacy of papaya (*Carica papaya* L.) seed extract in inhibiting *Actinomyces* spp. - **Amelia Disa Penti Aryani, 250**
Indrya Kirana Mattulada, Syamsiah Syam, Sarahfin Aslan, Nur Asmah
31. The potential of marine organism-derived chitosan as an antimicrobial biomaterial against oral pathogens in dentistry - **Muhammad Irfan Rasul, Andini Safhira Wahyudi, Muh.Ibra Ikhza 254**
32. Early two-stage implant placement in region 46 - **Aditya Priagung Prakosa, Elfina Sara Raharjo, Rizki Bagus 259**
Priharnanto
33. Exosomes and secretome from third molar tooth germs: regenerative potential and their applications in modern dentistry - **Irene Edith Rieuwpassa, Muchlisa Aulia Alimuddin, Adilah Fausiah, Muh. Abrar Ichsan Gunawan, 263**
Sisilia Bobolangi, Erna Arminta Sutan
34. Marine-derived 9-octadecenoic acid and α -tocopherol acetate as antioxidant and anti-inflammatory agents in oral health – **Asmawati Amin, Alqarama Mahardhika Thalib, Bahrudin Thalib, Azzahrah Dhaifatul Azizah, Zakirah 268**
Taqiyyani Toripuji
35. A comparison of the effectiveness of 17% EDTA and 6.25% pineapple peel extract in removing the smear layer in the apical third of the root canal - **Noor Hikmah, Rianti, Nurhayaty Natsir, Juni Jekti Nugroho 273**
36. Management of epulis fissuratum in geriatric patients with hypertension complicated by hematoma - **Mukhtar Nur 276**
Anam, Hadira
37. Marine-derived chitosan composites in restorative dentistry: antibacterial and mechanical properties - **Alqarama 279**
Mahardhika Thalib, Asmawati Amin, Bahrudin Thalib, Nurul Zulhijjah, Lenni Indriani
38. Utilization of biopolymers from palm oil waste in dental innovation - **Muhammad Sahid Munawir, Nurul Arifah 283**
Newmonikasaray Ukkas, Adeline Payung Allo, Lenni Indriani, Alqarama Mahardika Thalib, Maya Masyita
39. Potential utilization of marine-based natural biomaterials - **Ainun Rezky Ramadhani, Jessica Adam Panggalo, 287**
Fadillah Ilmi, Acing Habibie Mude
40. The potential of oral microneedle patches as a delivery system for golden sea cucumber collagen and snakehead fish albumin for oral mucosal wound healing - **Laras Panca Sakti, St Nabilah Kaltsum, Yuni Sulistiowati 291**
Maryono, Nisrina Ekayani Nasrun
